Subject: Recommendation for Ms. Mathurthi Jayasri

Sir/Madam,

I am pleased to recommend Ms. Mathurthi Jayasri, a third-year B.Tech student of Computer Science Engineering-Cyber Security, for the Digital India Internship Programme. As her Academic Mentor, I have observed her to be diligent, focused, and consistently committed to her academic responsibilities.

Ms. Mathurthi Jayasri has maintained a strong academic record and demonstrates good proficiency in programming and cybersecurity concepts. She has strengthened her problem-solving skills through consistent coding practice and hands-on exploration of security tools, reflecting her analytical ability and dedication.

She has also worked on relevant technical projects, including a Wi-Fi secure scanner Password checker and also, she maintaining CGPA above 9 points. These projects demonstrate her strong interest in cybersecurity, secure application development, and creating practical solutions aligned with digital safety and awareness initiatives.

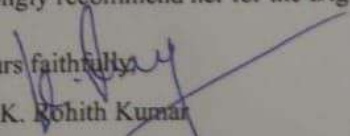

Ms. Mathurthi Jayasri is sincere, quick to learn, and adaptable to new technical environments. I believe she will benefit greatly from this internship and contribute responsibly to the assigned tasks. I strongly recommend her for the Digital India Internship Programme.

Yours faithfully,

Dr. K. Rohith Kumar
